## ABOUT ME

---

Enthusiastic Web Developer with hands-on experience in React and Next.js. Skilled in building responsive web applications and solving real-world problems. Seeking an opportunity to contribute to a dynamic development team and grow technical expertise.

## TECH SKILLS

---

### Programming Languages:

HTML, CSS, JavaScript, PHP, C, Java, Python

### Frameworks & Libraries:

React, Next.js, Bootstrap, Material Design, Tailwind

### Core Concepts:

Artificial Intelligence / Machine Learning

Computer Networks

Operating Systems

### Backend & Database:

Node.js, Express.js, MySQL, MongoDB, Nest.js

### Software and Tools(CMS):

Git, GitHub, Postman, VS Code, WordPress

## PROJECTS

---

### PeelWireless Mobile Shop Website (Client Project – Canada)

Role: WordPress Developer

Technologies: WordPress, HTML, CSS, JavaScript

- Developed a complete informational website for a mobile shop client based in Canada
- Built the website from scratch using WordPress and custom themes
- Implemented product enquiry functionality for customer communication
- Designed responsive layout for mobile and desktop users
- Delivered the project to a real international client

### Steeking Mart E-commerce Website

Role: WordPress Developer

Technologies: WordPress, WooCommerce, HTML, CSS

- Developed an e-commerce website with functionality similar to Amazon and Flipkart
- Implemented product purchasing, return management, and customer review system
- Designed product catalog and checkout workflow
- Configured WooCommerce features for order and inventory management

### Admin Dashboard Application (Internship Project – WrapPixel)

Role: Frontend Developer

Technologies: Next.js, React.js, JavaScript

- Developed an admin dashboard interface during internship at WrapPixel
- Built reusable UI components using React and Next.js
- Implemented responsive design and state management, Context API
- Deployed the application on Vercel platform

## Property Information Website Template

Role: Frontend Developer

Technologies: Next.js, React.js, CSS

- Designed and developed a property information website template
- Implemented modern UI components and responsive layout
- Optimized performance for fast loading and usability
- Deployed the project on Vercel for public access

## HR Management System (Diploma Final Year Project)

Role: Full Stack Developer

Technologies: PHP, MySQL, HTML, CSS

- Developed a web-based HR management system for employee record management
- Implemented login authentication and employee data management features
- Designed database structure for storing employee information
- Created admin dashboard for managing HR operations

## Stock Price Prediction System (Machine Learning Project)

Role: Machine Learning Developer

Technologies: Python, Random Forest, Next.js

- Developed a machine learning model to predict next-day stock prices (OHLC values)
- Used Random Forest algorithm for stock price prediction
- Implemented data analysis and chart pattern recognition
- Built frontend interface using Next.js for displaying predictions

## Multiple Client Informational Websites (WordPress)

- Developed multiple informational websites for real clients using WordPress
- Customized themes and layouts based on client requirements
- Implemented responsive design and content management features
- Delivered production-ready websites for business use

## WORK EXPERIENCE

---

### WrapPixel · Ahmedabad, Gujarat, India (On-site)

May 2024 - July 2024

Frontend Development Intern

Ahmedabad, Gujarat

- Gained hands-on experience in frontend development using Next.js and Context API.
- Focused on writing clean, maintainable code and integrating modern technologies into real-world projects.
- Collaborated effectively with the development team, contributing to project discussions and implementations.
- Enhanced understanding of component-based architecture and state management in React-based applications.
- Internship concluded early due to the resumption of academic responsibilities.

### Titanslab Inc. · Work-from Home

June 2022 - Present

Operations Leader

Rajkot, Gujarat

- Worked with a team to develop web and e-commerce applications
- Assisted in planning and implementing project features
- Ensured timely delivery of assigned tasks
- Maintained code quality and followed development standards
- Collaborated with team members to resolve technical issues

## EDUCATION

---

**Darshan University - Institute of Engineering Technology**  
B.tech, Computer Science Engineering

**july 2024 - Present**  
Rajkot, Gujarat

**Darshan University - Institute of Engineering Technology**  
Diploma in Computer Engineering | CGPA- 8.00

**March 2024**  
Rajkot, Gujarat
